

What you need to know about

new building and fire safety codes

**Work in the construction industry?
These new codes affect you.**

Alberta has updated its building and fire codes to help keep you and your work site safe from fire. You will need to protect nearby buildings, improve access for emergency vehicles, and secure your site better.

Alberta's new fire codes are in effect now.

To fully understand how this will impact you on your job site, visit municipalaffairs.alberta.ca or call toll-free 1-866-421-6929.
